County Alternative Care Sites (ACS) – Discussion

Determining emergency response and allocations during a pandemic is not within the purview of the ACOA. I understand the fear and concern, however, Contra Costa Public Health has worked with the BOS to develop a plan that meets the myriad of concerns that they must weigh. The details and considerations that they have had to review are not ours to question as an advisory body.

The ACOA cannot make recommendations on the allocations of emergency medical treatment- it is not within our mission.

Public Comment: None

The meeting adjourned at 11:30 am.
